At the height of the COVID-19 shutdown, NBCM met tangible family needs

44
DEDICATED
STAFF

Staff worked 42,000+ hours as NBCM adapted operations to continue sharing the hope of Christ during a challenging year

Multiplying Possibilities Together

NEW BRAUNFELS

Christian Ministries

Kids Club staff and volunteers actively engaged with students and families throughout the year. While school campuses were closed, staff distributed food, produced chapel videos, wrote post cards, and hosted fun and socially distanced family events in the park.

Kids Club is big for this community. When Kids Club came, it was such a deep blessing, and now a few years later, it has grown even better. The reading, homework help, and prayer is so important. **Our students need that extra bit of care and nurturing and to feel important.** Kids Club also provides an element of consistency and love.

- Melinda Shinn, Startzville Elementary Principal

For great is His love toward us, and the faithfulness of the Lord endures forever. Psalm 117:2 (NIV)

Volunteers in Medicine staff and volunteers provided critical health care to our patients throughout COVID-19. Clinical protocols were adjusted to optimize patient and staff health. Our staff are dedicated to caring for our patients' physical, emotional, and spiritual needs.

The staff at Volunteers in Medicine walked me through every step necessary to get the surgery I needed. The caring staff didn't stop there. They continued to assist me with other medical issues. **In fact, by referring me to the ER, they very well may have saved my life,** as I was in heart failure. I am forever grateful to Volunteers in Medicine for that and so much more.

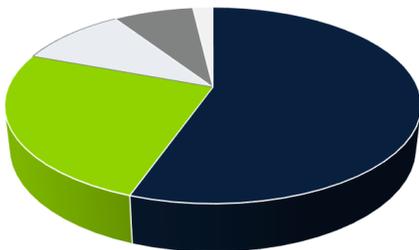

- Larry Reckaway, former patient
